

BD-2321WR 5" Pneumatic Rear Exhaust Wet Polisher

BD-2321WR 5" Pneumatic Rear Exhaust Wet Polisher

This pneumatic wet polishing tool is designed for continuous production applications and improved safety. Lightweight and compact, this tool provides the operator with increased comfort and reduced fatigue. Cast from aircraft aluminum, the BD-2321WR is one of the most durable tools of its kind on the market for polishing stone. The water-tight sealed bearings provide long life and smooth rotational speeds. The water and air controls are simple to use and conveniently located. Rear air vent removes exhaust through a hose protector, away from operator's hands. The BD-2321WR comes with 25' water hose, 5' air hose, 3' air/water hose protector, D-handle and wrenches. 90 day limited warranty.

RPM	5,500 (free speed)
Shaft Thread	5/8"-11
Air Inlet	1/4" NPT
Output	320 W
Length	10-1/4"
Air Pressure	90 PSI
Air Consumption	16 CFM (min.)
Air Compressor Required	5 HP (min.)
Maximum Disc Size	5"
Weight	2.7 lbs.
Part #	160458X
